

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-866-514-5916 or visit optimahealth.com and sign into the Member Portal. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbc-glossary or call 1-866-514-5916 to request a copy.

Important Questions	Answers	Why This Matters			
What is the overall deductible?	\$2,200/Individual or \$4,400/family In-Network	Generally, you must pay all of the costs from providers up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .			
Are there services covered pefore you meet your deductible? Yes. Most preventive care services and screenings are covered before you meet your deductible.		This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example this <u>plan</u> covers certain preventive services without cost sharing and before you meet your <u>deductible</u> . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-carebenefits/ .			
Are there other <u>deductible</u> for specific services?	No.	You don't have to meet <u>deductibles</u> for specific <u>services</u> . The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , the overall family <u>out-of-pocket limit</u> must be met.			
What is the <u>out-of-pocket</u> <u>limit</u> for this <u>plan</u> ?	For In-Network \$6,000 person / \$12,000 family				
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .			
Will you pay less if you use a network provider?	Yes. See http://www.optimahealth.com or call 1-866-514-5916.	You pay the least if you use a <u>provider</u> in Tier 1. You pay more if you use a <u>provider</u> in Tier 2. You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the provider's charge and what your <u>plan</u> pays (<u>balance billing</u>). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.			
Do you need a <u>referral</u> to see a <u>specialist</u> ?	No.	You can see the specialist you choose without a referral.
